About Me

I'm an aspiring art director with experience in visual and multimedia design, currently pursuing an Associate in Arts. I've worked for America's Incredible Pizza Company, Jaycox Brands, and Forum Brands, where I contributed to a range of projects including video production, visual design, and brand identity. I've also gained freelance experience in brand design—specializing in logos—brand guidelines, and social media content. My goal is to lead creative teams and projects that merge artistic vision with strategic marketing objectives. Outside of design, I enjoy photography, creating custom gifts, and cycling.
